

# Grade Roster

The screenshot shows the MavLINK interface with the 'Grade Roster' tab selected. A dropdown menu for 'Select Term' is open, showing 'Spring 2014'. The main table lists three courses with their final grades. A 'Manage' sidebar on the right contains options like 'Manage Service Indicators' and 'Class Permissions'. A 'View' sidebar contains options like 'Academic Calendars' and 'Enrollment Dates'. Red boxes and arrows highlight the 'Select Term' dropdown, the 'Final Grade' column, and the 'Grade Input Allowed' status for the third course.

Return to Previous Screen

In the **Grade Roster Action** section, the Approval Status dropdown menu is no longer active, indicating that it can no longer be changed. However, the new **Request Grade Change** link allows you to change a grade after it is posted, but only during the official grading period. After that paperwork must be submitted.

Grades in the **Official Grade** column will appear only if grades have been approved and saved.

Once posted, the word posted will now appear in a new column called Status.
